sales and promotional materials, and every time anybody asks you about your ebook.

One other strategy is to test out prices by making a variety of duplicate gross sales pages with totally different costs on every page. Be certain your gross sales copy is precisely the identical on every web page, and consists of your promoting-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and gross sales of your book. It will inform you what your optimum price is.

Finally, if you've written a ebook that solves a drawback or presents a new technique, your ebook will bring in each visitors and profits.
