Begin on the highest price the market will bear to herald the largest profits, and plan to discount the e-book a number of instances throughout the year.

One other technique is to test out prices by making a variety of duplicate sales pages with totally different costs on each page. Make sure your sales copy is exactly the similar on every web page,

and contains your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your web site and gross sales of your book. This can inform you what your optimum price is.

Finally, if you've written a e book that solves a problem or presents a brand new technique, your e book will bring in each visitors and profits.
