If these prospects have already purchased an book from you, ask for his or her opinion in terms of price. Do this by creating a sales web page for the new e book, however do not embody a worth on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to test out costs by making a variety of duplicate sales pages with different prices on every page. Be certain that your gross sales copy is precisely the same on every web page,

and includes your promoting-handle sentence. Then determine for each web page the conversion ratio between guests to your website and gross sales of your book. This can let you know what your optimum value is.

In the end, when you've written a guide that solves a drawback or presents a new approach, your ebook will herald both visitors and profits.
