price. Do that by making a gross sales page for the new e book, however don't embody a value on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out costs by making a variety of duplicate sales pages with completely different prices on each page. Make certain your gross sales copy is strictly the same on each web page, and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your web site and sales of your book. This will tell you what your optimum worth is.

In the end, should you've written a e-book that solves a drawback or presents a new method, your guide will herald each site visitors and profits.
