An efficient technique for determining a price is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for his or her opinion when it comes to price. Do this by making a sales page for the new ebook, however do not include a worth on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to check out costs by creating a number of duplicate gross sales pages with completely different prices on every page. Be certain that your gross sales copy is precisely the same on every web page, and contains your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. This will let you know what your optimum price is.

In the end, when you've written a guide that solves a problem or presents a brand new method, your ebook will herald both site visitors and profits. So make sure to write that selling-handle sentence that sums up what drawback your book solves and what the advantages of your 998 e book will probably be to the shoppers who purchase it.
