If these clients have already purchased an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the new e book, however don't embrace a value on that page. As a substitute, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out prices by making a number of duplicate gross sales pages with different costs on every page. Be certain that your sales copy is exactly the same on each page, and

contains your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and gross sales of your book. This may let you know what your optimum price is.

In the end, should you've written a ebook that solves a problem or presents a new method, your guide will herald both site visitors and profits.
